INTEGRATED BASIC EDUCATION (IBED)

IBED FLOaT

(Flexible Learning Options and Tools Program
for Elementary and Junior High School)

In response to our commitment to provide quality education despite the challenges brought about by the COVID-19 Pandemic, the IBED launches the Flexible Learning Options and Tools (FLOaT) for elementary and junior high school.

The IBED FLOaT program for A.Y. 2020-2021 offers flexible learning options, whether online or offline, according to the learning preferences of students and parents. It is designed to address the learners' varying capabilities to engage in remote/distance learning. It is a timely response of the Integrated Basic Education Department to ensure continuity of learning, effective instruction, and authentic assessment amid the pandemic.

IBED FLOaT offers the following flexible learning options for Grades PreK-10:

- A) Online Learning**
- B) Modular Learning Packets**
- C) Self-Paced Learning**
